

Marshall Islands energy storage power direct sales company

Overview

Does MEC sell LPG gas in the Marshall Islands?

Apart from generating electricity from diesel and solar installations, MEC is also the distributor of LPG gas throughout the Marshall Islands with a 33,000 pound bulk storage capacity, which is decanted into smaller bottles.

How many solar home systems did Marshalls Energy install?

The Marshalls Energy Company installed 3045 solar home systems (SHS) to families residing amongst the remaining atolls. Each SHS system has a capacity of 200W and were provided by multiple international donors. Additional larger systems ranging in size from 6kW up to 16kW were installed at various school facilities on some atolls.
