

Mexican Energy Storage Batteries

Overview

A month after India introduced an energy storage mandate for renewable energy plants and China scrapped its own, Mexico has stepped forward with an ambitious 30% capacity requirement, alongside plans to add a further 574 MW of batteries by 2028.

Mexican Energy Storage Batteries

Mexico Energy Storage Systems (ESS) Market Report 2033

A growing trend in Mexico's ESS market is the rise of utility-scale battery storage projects aimed at improving grid integration of renewables and increasing energy system flexibility.
