

Mobile Industrial Power Box

Overview

Where can a power box be used?

In addition to being used on construction sites, the power box is also suitable for temporary power distribution at outdoor events, disaster recovery sites, industrial warehouses, and confined spaces where pre-existing power sources may not exist.

Are Lex portable power distribution boxes waterproof?

Lex products portable power distribution units have NEMA 3R, 3R Weather Resistant or 3R Rainproof environmental ratings depending on the distro box. The indoor distro boxes have a NEMA 1 Indoor environmental rating, like the versatile 100 amp 3 phase PowerHOUSE™ Pagoda portable distribution box.

What are load master TM series portable power distribution boxes?

Load Master™ Series portable power distribution boxes are the first in the industry to feature outputs with adjustable current ratings to match specific application loads. These temporary power distribution boxes feature 1, 3 or 4 adjustable circuit breakers, with a range of amperage and voltage ratings.

What are the best power boxes for a confined space?

If you are searching for an efficient power solution for a confined space, power distribution boxes and small spider boxes should be your top choice. These power boxes provide power where there is limited space and are a highly durable solution thanks to their robust construction for worry-free portability.

Are Lex powerhouse TM & powerrack TM portable distribution boxes cULus listed?

Lex Products PowerHOUSE™ and PowerRack™ portable distribution boxes are cULus listed and ready to deliver fail-safe, convenient, long lasting products for the entertainment, industrial, and military industries that need durable and innovative power they can rely on.

How many amps does a power distribution box have?

Our power distribution boxes range from 20-800 Amps and are well known for being durable, long lasting and safe. Load Master [™] Series portable power distribution boxes are the first in the industry to feature outputs with adjustable current ratings to match specific application loads.
