The BioLite Charge 20 PD is exactly what you need at the right price.

Do you need a power bank for camping?

It only takes one dead phone battery to make you realize the importance of a power bank for camping. Whether it's snapping a picture of the local flora and fauna, setting an alarm for your sunrise hike, or pulling up directions for the drive home, it's essential that you have enough juice to last to the end of your trip.

How long does a portable power station take to recharge?

That depends on the capacity of your portable power station, the wattage of your solar panels, and the weather. For example, a 1,000Wh power station that's receiving a consistent stream of 200 watts of power from a solar panel would take about 5 hours to recharge ($1,000/200=5$). Are portable power stations weather resistant?

.
