

Multi-function inverter full set price

Overview

What is a multi-function hybrid inverter?

Multi-Function Hybrid Inverter: This is an off grid multi-function inverter/charger, combining the functions of an inverter, solar charger, and battery charger to offer uninterruptible power support with portable size. Equipped with PWM solar charge controller to maximize and regulate DC power from the solar array to charge the battery bank.

What is a 2400 watt car inverter?

Powerful 2400 Watts car inverter continuous DC to AC power for multi-purpose charging for your vehicle. The pure sine wave inverter is of smart battery charger design for optimized battery performance, also of cold start function. Low cost and easy installation.

What is a pure sine wave inverter?

The pure sine wave inverter is of smart battery charger design for optimized battery performance, also of cold start function. Low cost and easy installation. With MPPT function, every panel works at the maximum, improved the efficiency of the entire solar power system. Low power consumption.

What are the advantages of a pure sine wave inverter?

☐**SMART BATTERY CHARGER**☐- The pure sine wave inverter is of smart battery charger design for optimized battery performance, also of cold start function. Low cost and easy installation. ☐**MPPT FUNCTION APPLIED**☐- Every panel is working at the maximum because of MPPT function, improving the efficiency of the entire solar power system.

What is a 3000W solar inverter?

Combining a 3000W inverter, MPPT solar charge controller, and battery charger, it provides uninterrupted power support in a portable design. Its user-

friendly LCD display allows quick access to key settings such as charging current, input source priority, and acceptable voltage ranges—giving users full control for different applications.

What appliances can a pure sine wave inverter power?

The pure sine wave inverter can power all kinds of appliances in home or office environment, including motor-type appliances such as tube light, fan, refrigerator and air conditioner. Max. Solar Charging Power: 600W

Multi-function inverter full set price

120W Lithium Battery Inverter Multifunction Lithium Tools Battery

This inverter can convert 21VDC power into 220VAC current, which is suitable for all kinds of outdoorwork and small home appliances. With an upgraded intelligent chip, over-temperature ...
