

Multi-site battery cabinet

Overview

What is a galaxy lithium-ion battery cabinet?

Meet Schneider Electric's Galaxy Lithium-ion Battery Cabinet. The Schneider Electric-exclusive Galaxy Lithium-ion Battery Cabinets for 3-phase UPSs are a sustainable, innovative energy storage solution for data centers, industrial processes, and critical infrastructure.

What is a lithium-ion battery charging cabinet?

The Justrite Lithium-Ion Battery Charging Cabinet is the ultimate solution for safely charging and storing your lithium-ion batteries. Each charging station locker has multiple layers of advanced shielding to help reduce the risk of battery fires and thermal runaway.

What is a Justrite battery storage cabinet?

Every Justrite battery storage cabinet is made from strong 18-gauge steel. It has double-walled sides, top, and bottom with a 1.5-inch air gap between the walls. The manual-close doors have baffled vents and a unique flame arrester pattern. They are supported by continuous piano hinges for a secure and reliable closure.

Why do we need a backup battery cabinet?

Through cutting-edge research and innovation, advanced engineered power products for backup battery cabinets have become essential to our energy future. When the power goes out, battery backups ensure that the Internet, cloud-based data, financial and health records stay accessible.
