

Nepal Solar Panel Photovoltaic Project

Overview

Nepal has launched its first I-REC (International Renewable Energy Certificate) eligible solar project, the 16.5 MW Nuwakot Solar Plant, marking a significant milestone in the country's transition to renewable energy and its integration into the global green energy market.

Nepal Solar Panel Photovoltaic Project

Nuwakot Solar Power Station

The plant is owned by Nepal Electricity Authority (NEA). The solar panels are installed in six locations within the premises of Devighat Hydropower Station which is also owned by the NEA.
