

New Zealand energy storage container customization

Overview

What are shipping container homes NZ?

Shipping container homes NZ —brand-new, galvanized-steel-frame dwellings that look like containers but live like real houses. From \$39,000 (GST incl.) Get Instant Quote Firstly, these units are not repurposed freight boxes. Instead, we weld a brand-new galvanized steel frame to ISO 20 ft or 40 ft dimensions so transport is simple.

Where can I rely on a containerised energy storage solution?

Today, we are also a name you can rely on for safe battery storage. Our containerised energy storage solutions are available as 10ft and 20ft high cubes and stand almost 3m tall, they can be deployed all over New Zealand and further afield (we have a footprint in 90+ countries).

What is containerised battery storage?

A long-term solution: our containerised battery storage solutions are built to last for decades. Your system's precious lithium-ion core is housed in an incredibly tough shipping-grade container. Battery storage from solar panels, wind turbines or water sources can give you the independence you need.

Who can use our rentable battery storage containers?

Private individuals and businesses can use our rentable battery storage containers in any setting where they can physically be installed. Benefits include: Energy independence: break free from the grid and power your home or workplace with clean, reliable energy that you control.

What is a container home?

Innovative container homes, combining luxury, functionality, and sustainability. Crafted from high-quality, freshly fabricated containers, these bespoke homes feature flexible layouts, premium interiors, and quick installation. Innovative, expandable living solution.

What are custom-built container homes?

Custom-built container homes offer tailored, luxurious living solutions. Crafted from high-quality, freshly fabricated containers, these homes provide endless customization options to meet your specific needs.
