

Niue Solar PV Water Pump Inverter Price

Overview

Which solar water pump inverter is available online?

The 5.5kW three-phase AC 220V solar pump inverter is now available online. This solar pumping inverter integrates advanced MPPT tracking for precise voltage detection and optimal performance. The solar water pumping system supports AC and DC input, with a DC voltage range of 300V~380V and a power factor >0.99 .

How are water pump inverters changing agriculture and water supply?

Our Water Pump Inverters are changing the face of agriculture and water supply across Africa. In South Africa, they drive efficient irrigation for tens of thousands of farms, resulting in better yields per unit area and increasing water savings.

What is a solar pump inverter?

A solar pump inverter converts the DC power generated by solar panels into AC power suitable for driving a water pump. Easy to use and install. Affordable price 7.5 kW (10 hp) solar pump inverter for sale, AC output 17A at 3-phase, recommended DC MPPT range (350V, 750V), DC voltage (280V, 750V).

What is a 3 phase solar pump inverter?

The 3 phase solar pump inverter is widely used in agricultural irrigation, domestic water supply, livestock watering, aquaculture, emergency water supply, and desert reclamation. 5.5 kW solar pump inverter with affordable price, AC 13A output at 3-phase, MPPT tracking technology, and real-time detection of power voltage.

When are solar module and inverter prices updated?

Solar Module Retailer Prices are updated on Monday. Solar System and Inverter Retailer Prices are updated on Friday.

How much power does a solar pump inverter have?

1.5kW solar pump inverter for sale, with AC 3.8A output current at 3-phase, 380V, DC voltage range (280V, 750V), and recommended DC MPPT range (350V, 750V). With IP20 protection class, the solar pump inverter works at (-10°C, 40°C). The solar pump inverter supports AC and DC input, the power factor is >0.99 , and the humidity is less than 95%RH.

Niue Solar PV Water Pump Inverter Price

Solar Water Pump Inverters

Our Water Pump Inverters are changing the face of agriculture and water supply across Africa. In South Africa, they drive efficient irrigation for tens of thousands of farms, resulting in better ...
