

Niue subsidizes energy storage projects

Overview

Will Niue generate 80% of its electricity by December 2025?

This project aims to enable Niue to generate 80% of its electricity from renewable energy by December 2025. This afternoon marked the groundbreaking ceremony for the Niue Renewable Energy Project Phase 2. This project aims to enable Niue to generate 80% of its electricity from renewable energy by December 2025.

How did New Zealand support Niue's battery energy storage system?

In addition to Australia's support, the New Zealand Government contributed \$2.5 million to relocate and restore Niue's Battery Energy Storage System (BESS). This funding has allowed the Ministry to repair the grid control system, procure necessary fuel tanks, and install cabling and connections.

Does Niue need a resilient energy system?

"Premier Tagelagi has talked to me about the importance of a resilient energy system that reduces Niue's reliance on expensive diesel to reduce the cost of living for Niueans, while also bringing down greenhouse emissions.

What does the Minister of infrastructure say about Niue's New Power Station?

The Minister of Infrastructure, Hon. Crossley Tatui extended his appreciation to the Australian and New Zealand Governments, saying, "The construction of this new power station is a vital piece of infrastructure for Niue's development and well-being. This achievement would not have been possible without the support of our regional partners."

What is New Zealand doing with the Niue ocean wide trust?

New Zealand will also commit NZ\$2 million to the Niue Ocean Wide Trust (NOW), which aims to develop a resilient blue economy and ensure long term ocean conservation and climate resilience. Funding for these initiatives comes from New Zealand's International Development Cooperation programme. Read

NZ – Niue Joint Statement.

When will Niue's New Power Station be built?

Today, the Deputy Prime Minister of New Zealand, Rt Hon. Winston Peters is here to break ground on what will become a cornerstone of Niue's renewable energy infrastructure. The new power station, funded through contributions from both Australia and New Zealand, is slated for completion and commissioning by mid-September.
