

Nordic photovoltaic panel manufacturer

Overview

Is Nordic solar integrating battery storage into a solar park project?

Operating in 12 European countries, the solar energy company Nordic Solar is investing heavily in integrating battery storage into its portfolio of solar park projects and is now launching the construction of its first project, which is located in Denmark.

Why should I join Nordic solar?

Joining Nordic Solar means building a career with exciting opportunities. You will find a space to grow, learn and engage in a collaborative environment. Battery Energy Storage Systems (BESS) are the perfect complement to solar energy, which is one of the most predictable and cost-efficient renewable energy sources available.

Are SoliTek glass solar panels green?

SoliTek glass solar panels obtained the Cradle to Cradle GOLD certificate in 2023, confirming their status as the "greenest" in the world. SoliTek is an expert in Building integrated solar (PV) solutions (BIPV). We have solar modules ready for integration into the roof, balcony, façade. We are ready to build solar carport and noise barriers.

What is a fully integrated solar roof?

That's a promise. Our fully integrated solar roof is optimized for the aesthetical design of the whole house. The sleek vertical lines of a classy black roof will give your house an aesthetic look and blend in seamlessly with any neighborhood. Cutting-edge solar cells are integrated directly into high-quality metal sheets.
