

Nordic solar panel factory

Overview

Is Nordic solar integrating battery storage into a solar park project?

Operating in 12 European countries, the solar energy company Nordic Solar is investing heavily in integrating battery storage into its portfolio of solar park projects and is now launching the construction of its first project, which is located in Denmark.

Why should I join Nordic solar?

Joining Nordic Solar means building a career with exciting opportunities. You will find a space to grow, learn and engage in a collaborative environment. Battery Energy Storage Systems (BESS) are the perfect complement to solar energy, which is one of the most predictable and cost-efficient renewable energy sources available.

How does solarnordics sell & distribute solar equipment?

The main segment within the solar industry, where SolarNordics sells and distributes solar equipment, are focused on solar panels, battery and power stations and inverters. SolarNordics distributes and sells through our website, but also through our direct sales team through a B to B sales motion.

Is Helios a good partner with Nordic solar?

said Nikolaj Holtet Hoff, CEO of Nordic Solar. Commenting on the collaboration, Andreas Tunbjer, Managing Director of Helios Nordic Energy AB, said: The entire Helios team is pleased to enter this partnership with Nordic Solar, which is a great match to Helios Nordic Energy both in terms of ambitions and competencies.
