

Oman Energy Base Station Communication Equipment

Overview

What makes connect a good radio station in Oman?

Today CONNECT is a well-established player in the events industry in the Middle East. Rated by Nielsen as the number one commercial radio station in Oman, Al Wisal offers entertainment, unsurpassed music variety and talk shows to suit different segments of listeners.

How does OETC work in Oman?

Formed in 2005, OETC plays a vital role in the Oman electricity sector, as it owns and operates the main power network that transmits electricity from the generating stations to the distribution load centers across all the governorates of the Sultanate. The main electricity transmission network operates at 132kV, 220kV and 400kV voltage levels.

What voltage does Oman have?

The main electricity transmission network operates at 132kV, 220kV and 400kV voltage levels. It is monitored and controlled through a load dispatch center (LDC) in Muscat, the capital of Oman.
