

Photovoltaic 48v inverter 6kw

Overview

What is a Bluesun hybrid solar inverter?

Designed to provide uninterrupted power supply, this inverter maximizes the efficiency and output of your solar system. The Bluesun Hybrid Solar Inverter 6kW is a versatile and compact multi-functional solution, seamlessly integrating an inverter, solar charger, and battery charger into one powerful unit.

What is Lxp6k hybrid inverter?

With extensive certifications, it's a versatile powerhouse that complies with electrical regulations. LXP6K Hybrid Inverter – the powerhouse for your energy needs. This innovative inverter allows PV and AC to share the load jointly, features a wide PV input voltage range, and accommodates both single-phase and unbalanced 3-phase configurations.

What is a hybrid inverter?

Ideal for residential and light commercial applications, this hybrid inverter enhances the self-consumption of solar energy, enabling you to achieve greater energy independence and reduce reliance on the grid. During the day, the PV system generates electricity which will be provided to the loads initially.
