

Portugal s battery storage box processing plant

Overview

Will a lithium battery factory be built in Portugal?

According to the latest report on February 21st, battery manufacturer CALB will invest 2 billion euros (approximately Yuan 15.1684 billion) in Sines, Portugal to build a lithium battery factory aimed at providing high-performance energy storage batteries for the European electric vehicle industry.

Why should Portugal invest in a battery factory?

“Our factory will not only create new jobs but will also place Portugal at the forefront of the production of batteries for electric vehicles in Europe,” he highlights. According to CALB, “this strategic investment” aims to “reinforce its presence in the European market for electric vehicles (EV) and energy storage systems (BESS)”.

Will CALB build a battery plant in Portugal?

CALB announced on November 3, 2022, that it signed a memorandum of cooperation with the Portuguese government to build its first production site in Europe. The company's battery project in Portugal was planned at an industrial zone near a port in Sines, which is located in the heart of European logistics, a CALB press release said at the time.

Can Portugal build a fully integrated lithium supply chain?

Alongside Spain, Portugal is leveraging its abundant lithium deposits to build a fully integrated supply chain, covering: Strengthening Europe's battery ecosystem by reducing reliance on Chinese manufacturers will enhance supply chain security and create a more resilient local production network for lithium-ion batteries.

What is battery Cluster Portugal?

Contribute to positioning Europe as a leader in battery technology and

production Mitigation of the climate crisis Open to technology, innovation, and the creation of added value Battery Cluster Portugal é uma associação sem fins lucrativos que incentiva a I&D e os negócios relacionados com sistemas de armazenamento de energia.

Why should Portugal be a reference space for innovation in batteries?

To promote the national value chain and innovation ecosystem in the international market for energy storage technologies and materials, positioning Portugal as a reference space for innovation in batteries.
