

Power 175w inverter

Overview

What is the M175XUC 175 watt power inverter?

The CyberPower M175XUC 175 Watt Power Inverter converts power from your vehicle's 12V DC power outlet into household AC power. It can simultaneously power two devices through its two standard AC outlets, and charge up to two devices with its USB ports.

How many devices can a Ridgid power inverter charge?

This power inverter allows users to power and charge small electronics on the go when paired with any RIDGID 18V battery. Ideal for smart phones, tablets, and laptops, this inverter can charge up to four devices at the same time. The 18V Cordless 175-Watt Power Inverter features (1) 120V AC outlet, (2) USB-A ports, and (1) USB-C port.

Which Ridgid power inverter is compatible with 18V batteries?

The USB-C port is capable of charging faster than conventional wall chargers. This compact and portable power inverter is also equipped with an external LED light. As always, this RIDGID Cordless 175-Watt Power Inverter is 100% compatible with all RIDGID 18V batteries.
