

Power generation from the El Salvador photovoltaic power station

All in one
50-500 Kwh
Hybird
System

Overview

The project will be equipped with over 62,000 Longi solar modules and is projected to produce 188,000 MWh of energy annually, which will supply electricity to more than 50,000 households upon completion.

Power generation from the El Salvador photovoltaic power station

Solar Accounts for 21.1% of El Salvador's Electricity Mix with 633 ...
