Overview

Is a solar roof better than a traditional roof?

However, a solar roof reduces electric bills, is usually considered more aesthetically appealing than solar panels, and is more likely to receive HOA approval in some communities. Traditional solar panels produce more power, cost less, and provide a higher return on investment (ROI) than a solar roof. Does a solar roof increase home value?

.

What type of roof is best for solar panels?

The ideal roof for solar is one facing south with enough slope and room for panels. A west-facing roof is the second-best option, followed by an east-facing roof. We recommend using Project SunRoof by Google to check if your home is suitable for solar.
