

# **Price of solar antifreeze container**

## Overview

---

Why is antifreeze better than water?

Antifreeze has a higher boiling point and lower freeze point than water. This keeps the engine from overheating and prevents fluid inside the engine from freezing in the cold. When liquid freezes inside an engine, it expands and could crack parts of the engine. Checking your antifreeze regularly can help you avoid problems on the road.

Can solar panels be placed on a container roof?

We love the strategically placed solar panels on top of the container roof - we've accomplished this secure mounting with our field tested RPS Scalable Ground Mount. Check out the Scalable Ground Mount page + manual. How will the container be delivered to my location?

.

Does O'Reilly Auto Parts sell antifreeze?

Make sure and check the antifreeze level every time you open the hood. O'Reilly Auto Parts stores carry premixed and concentrated antifreeze options to best suit your vehicle. O'Reilly Auto Parts has the parts and accessories, tools, and the knowledge you may need to repair your vehicle the right way. Shop O'Reilly Auto Parts online.
