

Russian home energy storage system manufacturer

Lithium battery parameters

Product capacity: 100Ah

Product size: 135*197*35mm

Product weight: 1.82kg

Product voltage: 3.2V

internal resistance: within 0.5

Overview

Will Russian energy storage firm Renera invest in EV batteries?

June 23, 2023: Russian energy storage firm Renera says a special investment contract providing incentives and financial backing for domestic production of batteries for EVs and stationary storage systems was signed at the St Petersburg International Economic Forum on June 16.

Why is Russia a good place to buy a battery?

Russia is a country with a large number of battery manufacturers that play an important role in the global energy industry. From electric vehicle manufacturers to solar energy companies, these companies are constantly innovating to develop more efficient and environmentally friendly batteries.

Why is Liotech expanding its market in Russia?

With increasing attention to green energy, the company is looking to expand their market not only in Russia but also in other countries looking to switch to more sustainable energy sources. Liotech produces lithium-ion batteries and is considered as one of the top 10 battery manufacturers in Russia.
