

Seychelles solar panel inverter

Overview

How can I use solar energy in Seychelles?

Certified by Seychelles Energy Commission Approved by PUC Use solar energy independently by using battery storage or a hybrid system. Full range of maintenance and monitoring services available for your solar energy system. Voltage optimisation and power factor correction devices.

Who installs roof top solar photovoltaic PV systems in the Seychelles?

Sine 2012, ESS has been installing rooftop solar photovoltaic PV systems in the Seychelles. Therefore, we have experience with grid-tied roof top solar PV system. Also we are an approved installer by the Seychelles Energy Commission and Public Utility Corporation.

How do PV panels work in Seychelles?

The panels are arranged on the roof in an array and connected to an inverter. Energy Solutions Seychelles installs a range of PV panels from tired-one manufacturers and supply products to meet your project specifications and budget. Additionally, the efficiency of the panels can be further enhanced by using optimisers.

Who is SUN Tech PV energy company Seychelles?

Since 2009 our team has been sourcing out and installing the best solar photovoltaic (PV) technology available on the global market. At Sun Tech PV Energy Company Seychelles our aim is to ensure that your PV technology and installation is of the highest quality in order for it to live up to its life expectancy.

How does a hybrid system work in Seychelles?

A hybrid system uses both the grid and batteries. Currently, Seychelles has a net metering policy where electricity produced by your solar photovoltaic PV systems is recorded to a separate meter. PUC then credits your electricity bill

at the end of each month.

What is a grid-connect solar photovoltaic PV system?

A grid-connect solar photovoltaic PV system are installed at your premise and use the PUC electrical grid network to feedback electricity produced by your system. For stand-alone, off-grid or battery back up system PV systems which are independent of the PUC network and use battery storage see our off-grid solar PV page.
