

Solar 380 watts

Overview

380W solar panel price depends mostly on the brand. We offer many affordable options for 380 Watt solar panels from different manufacturers. Their price range is.

A 380 Watt solar panel has 144 half-cut solar cells with measurements similar to 72 cell solar panels. The dimensions of an average 380 Watt solar panel are about.

Shop here to find low priced solar panels that generate 380 watts of DC power. These modules can be grid-tied or used off-grid for residential, commercial or community renewable energy generation.
