

Solar photovoltaic panels that can be pulled in and out

Overview

The foldable photovoltaic panels are tucked inside a container frame with corresponding dimensions, and once they are moved and set in place, they can be easily unfolded using the rail system that also unrolls from the container.

Solar photovoltaic panels that can be pulled in and out

Folding Solar Panels. Off-Grid Solar Panels. UK Delivery.

Want power for cycling, hiking, kayaking trips? Foldable solar panels are a quick & easy solution for off-grid power. Ask UK solar experts on 01903 213141.
