

South Sudan Photovoltaic Energy Storage Project

Voltage range

636V-876V

Rated voltage

768V

Cell type

Lithium iron phosphate

Overview

The 20 MW solar PV plant, located in Juba, the capital city, will have a 14 MWh battery energy storage system & will connect 16,000 households in the world's least electrified country. This project marks South Sudan's first public-private partnership (PPP) in the renewable energy sector.
