

Spanish solar panel supplier

Overview

How much do solar panels cost in Spain?

The average price for installing panels in private homes in Spain varies from 2000 to 10 000 euros, depending on the type, power, manufacturer, seller and other factors. The performance of solar cells depends on the type of silicon they are made of. Monocrystalline panels have the highest efficiency (18-23%), but also the highest price.

What are Spanish energy companies?

These Spanish companies fulfil various functions, focused on the use of energy sources, such as photovoltaic, wind, biomass, geothermal and others. These companies generate high levels of benefits to the environment and are the main weapon against climate change. 1. Solar NRG - Valencia.

Who makes a solar thermal system in Spain?

PROMASOL is one of the leading manufacturers in Spain of solar thermal energy systems, being one of the few that manufactures all the main components of a solar thermal installation in its domestic production plants: tanks, solar collectors, structures, and thermosiphon or forced kits. The europages app is here!.

Are solar energy solutions a viable option in Spain?

Here's why solar energy solutions are an appealing proposition in Spain: The Abundant Sunlight: Spain is blessed with ample sunshine, averaging over 2,500 sunlight hours each year. Utilizing solar panels under such optimal conditions maximizes energy production, thereby significantly reducing electricity bills.

What certifications do solar panels have in Spain?

Another important certification is the IEC 61730 which deals with the safety of the panel. It ensures the solar panel has been tested for mechanical stress

and safety from fire hazards. Additionally, Spain also follows the UNE 206007 IN standard specifically for self-consumption photovoltaic systems.

Where to buy solar panels in Valencia?

Solar NRG – Valencia Since 2003, Dutch company Solar NRG has sold over 550,000 solar panels to its customers. Having opened its new subsidiary in Costa Blanca in 2019, the business is booming. Out of all the energy suppliers on the market, we recommend Solar NRG because they can offer valid advice on all of the different types of roofs available.
