

Sri Lanka Telecom Base Station EMS Photovoltaic Power Generation Tender

Overview

Will Sri Lanka develop 165 MW solar plants?

Sri Lanka's Ceylon Electricity Board has kicked off a tender for the development of up to 165 MW (AC) of ground-mounted PV projects on a build, own, operate basis. The solar plants can range in size from 1 MW to 5 MW and will be connected to one of 20 grid substations outlined in the tender documents, subject to capacity at each grid substation.

How many solar substations can I apply for in Sri Lanka?

Applicants can submit more than one proposal for each grid substation up to its capacity. The deadline for applications is May 3. Sri Lanka recorded 714 MW of solar capacity by the end of 2022, according to the International Renewable Energy Agency. This content is protected by copyright and may not be reused.

Can Sri Lanka develop ground-mounted solar?

Sri Lanka has launched a tender for 165 MW (AC) of ground-mounted solar, accepting applicants to develop solar plants up to 5 MW in size, connected to one of 20 selected substations across the country. The winners will sign 20-year power purchase agreements (PPAs) with the state-owned Ceylon Electricity Board.

Which currency will be paid for electrical energy purchase in Sri Lanka?

Payments for the purchase of electrical energy in respect of this Project would be calculated in Sri Lanka Rupees and will be paid in Sri Lanka Rupees. The Tariff calculations shall not be based on any other currencies or any baskets of currencies.

How much solar power does Sri Lanka have in 2022?

Sri Lanka recorded 714 MW of solar capacity by the end of 2022, according to the International Renewable Energy Agency. This content is protected by

copyright and may not be reused. If you want to cooperate with us and would like to reuse some of our content, please contact: editors@pv-magazine.com.

What is a project approving agencies (PAA) in Sri Lanka?

National Environment Act No. 47 of 1980 (Order under Section 23Z) has identified certain institutions in Sri Lanka as Project Approving Agencies (PAA). In addition to the above requirements, the Project Proponents are required to comply with the requirements of the Antiquities Ordinance, as amended by Act No. 24, 1998 and regulations there under.
