

# Supply channels for solar photovoltaic modules in Mozambique

## Overview

---

What is PV power potential in Mozambique?

The PV power potential map developed by the World Bank shows the potential for PV power projects in Mozambique on a scale of a yearly total specific PV power output of 1,534 to 1,753 kWh/kWp. The zones marked in the darkest shade show the highest potential .

How many mini solar PV & battery storage facilities are there in 2022?

During the African Energy Forum celebrated in June 2022, EDM together with the International Finance Cooperation (IFC) announced four mini solar PV and battery storage facilities with an expected total production of 50 MW.

How many solar plants are In Cuamba?

An additional 15 MW plant in Cuamba is currently under construction and two more plants (Cuamba II, 30 MW and Pemba/Mecufi, 20 MW) already went through an approved Power Purchase Agreement (PPA). In May 2022 the tender launched by PROLER for a solar project in Dondo was awarded to Total Eren for 30 MW, to start construction in early 2023.
