

Syrian container power generation manufacturer

Overview

Will Syria receive two energy-generating ships from Turkey and Qatar?

Picture taken September 8, 2021. REUTERS/Yamam al Shaar/File Photo DUBAI (Reuters) - Syria will receive two electricity-generating ships from Turkey and Qatar to boost energy supplies hit by damage to infrastructure during President Bashar al-Assad's rule, state news agency SANA quoted an official as saying on Tuesday.

How many solar power plants will be built in Syria?

The agreement involves building four combined-cycle gas turbine power plants with a total capacity of 4,000 megawatts, plus a 1,000-MW solar power plant in southern Syria. The Reuters Power Up newsletter provides everything you need to know about the global energy industry. [Sign up here.](#)

Does Syria have a power shortage?

Syria suffers from severe power shortages, with state-supplied electricity available just two or three hours a day in most areas. The caretaker government says it aims within two months to provide electricity up to eight hours a day. (Reporting by Jana Choukeir and Tala Ramadan; Editing by Alison Williams and Timothy Heritage)
