

Total number of 5G base stations in China

Overview

How many 5G base stations are there in China?

[Photo/VCG] BEIJING - The number of 5G base stations in China exceeded 4.04 million at the end of August, data from the Ministry of Industry and Information Technology showed Wednesday. The figure accounted for 32.1 percent of the total number of mobile base stations nationwide. The number of 5G mobile subscribers hit 966 million in China.

How big is the 5G base station market?

5G Base Station Market size was valued at USD 11.20 Billion in 2021 and is projected to reach USD 194.26 Billion by 2030, growing at a CAGR of 37.3% from 2022 to 2030. Because of the increased need for high-speed data with low latency, the 5G base station market is likely to develop significantly throughout the forecast period.

How many 5G subscribers are there in China?

The number of 5G mobile subscribers hit 966 million in China. The country has seen its 5G network and commercialization develop rapidly in recent years. Its 5G network now covers every city and town, as well as more than 90 percent of villages. China's 5G standard essential patent declarations account for 42 percent of the global total.

Does China have 5G?

DUBLIN-- (BUSINESS WIRE)--The "Development of 5G in China 2021 and Beyond" report has been added to ResearchAndMarkets.com's offering. Since the rollout of commercial 5G services in October 2019, the combined number of 5G subscribers of China's top three telecoms has reached 420 million in April 2021.

Who are China's 5G operators?

Chinese main operators are China Mobile, China Telecom and China Unicom.

In addition to its expected expansion in the 5G field, China noted that it is also set to begin trials for 10-gigabit optical networks and enhance computing power infrastructure, reflecting the growing demand for artificial intelligence (AI) technologies.

How 5G technology is affecting the country's economy?

Currently, 5G technologies have been applied in 80 major sectors of the national economy, and the 5G network is covering more rural areas, according to the ministry. Action will be taken to promote large-scale application of 5G technologies and to boost technological research and development as well as standard formulation, the ministry said.
