

Tunisia Outdoor Power Supply

Overview

What type of power plug is used in Tunisia?

In Tunisia the power plug sockets are of type C and E. The standard voltage is 230 V and the frequency is 50 Hz. Power plug adapter needed in Tunisia?

In Tunisia the power plug sockets are of type C and E. Check out the following pictures. When living in India you need a power plug adapter for sockets type C and E. Your appliances with plug C fit.

What is the power grid like in Tunisia?

The Tunisian power grid is similar to that in many other countries that are using 220+ Volts and 50 Hertz specifications.

What are the safety requirements for installations in Tunisia?

As safety requirements for installations in Tunisia are a lot lower than in many European countries, there are, even in new installations, grounded installations and ground fault circuit breakers (protection fuses, power interruptors) required only for the bathroom and the kitchen.

Can a Tunisian plug fit in a European socket?

Adapters and extensions can be bought in Tunisia in many shops. It can also happen that a Tunisian plug will not fit into an European socket, because it is round and has no cutouts on the sides. In this case, you will need an adapter as well. US plug and socket (type B)?

?

.

Is there a risk of electrical damage in Tunisia?

Outside the major cities and tourist areas, there is now a definite risk of

damage for electrical devices that can not deal with undervoltage (especially motor-powered appliances, such as refrigerators, hairdryers, etc.). In August 2014, a blackout of multiple hours throughout Tunisia took place.

Can I use a 220v/50hz device in Tunisia?

If you are using any device in Tunisia, make sure that it can operate in a 220V/50Hz environment (check the manual or the label on the device!) - when it cannot, then you will have to use a transformer device, or the device will be damaged!
