

Turkish equipment container wholesale

Overview

Who is ESC container?

ESC Container is a container company established in 2022, based in Istanbul, providing container buying, selling, leasing, storage, and modification services globally, with a focus on Turkey. With both standard and custom equipment stocks, it caters to a wide range of customers. Customer satisfaction is at the core of our business approach.

What are container structures used for?

Containers are used for many functions in various fields, and often preferred as light structure materials. Prefabricated materials such as sheets, steel profile are preferred instead of traditional construction materials such as brick and cement in the production of container structures, offering easy and flexible solutions for users.

What are the different types of container production methods?

It is possible to produce functional and versatile containers using monoblock, demounted, expanding, folding and combination container production methods.
