

UAE exports energy storage equipment

Overview

What is an export from UAE?

When goods or services are supplied from UAE to a person located outside UAE, the supply is called an export.

What equipment does the UAE import?

The UAE's oil and gas sector is a low-risk, high-reward investment destination. The UAE's biggest imports for this sector include boring and sinking machinery, line pipe for oil and gas lines, sub-sea line pipe, and casing and tubing for oil and gas drilling.

Is UAE a sustainable country?

For the UAE, renewable energy is a core pillar of its sustainability plans. Masdar, the UAE's clean energy powerhouse, is among the organizations supporting the country's efforts, both home and abroad. For instance, Masdar has committed to invest £1 billion (AED4.68 billion) in UK battery storage.
