

US 15kw energy storage solution

Overview

What is a 10kW / 15kW peak cooling system?

10kW continuous / 15kW peak - run heavy appliances during outages. Silent natural air cooling means no noisy fans. Start with 15kWh and scale to 225kWh. Seamlessly add units as your energy needs grow - no complex reconfiguration. IP67 rated protection against rain, dust and extreme temperatures.

What is a compact energy storage system?

The compact design integrates the battery and inverter into a single unit, saving valuable space while simplifying installation and operation. This fully integrated energy storage system offers an all-in-one design that simplifies installation and operation, making it a plug-and-play solution for residential energy needs.

What is a fully integrated energy storage system?

This fully integrated energy storage system features a comprehensive all-in-one design, incorporating essential switches for battery fuses, photovoltaic input, utility grid, load output, and diesel generators.

What is a 15k-2p solar hybrid inverter?

The 15K-2P solar hybrid inverter is a complete whole home backup, supporting essential appliances like your lights, internet, and refrigerator, as well as large appliances like your air conditioner when your home has lost electricity. It can also power and charge your electric vehicles or generators and help reduce your monthly electricity bills.

Does franklinwh apr-10k15v2-us 15kWh AC-coupled battery ship?

Shipping calculated at checkout. FranklinWH APR-10K15V2-US 15kWh AC-Coupled Battery is backordered and will ship as soon as it is back in stock. This item is a recurring or deferred purchase.
