

Universal energy storage pack battery

Application scenarios of energy storage battery products

Overview

What kind of batteries does UPG offer?

From our Universal Battery® Sealed Lead-Acid (SLA) batteries to Lithium Iron Phosphate and custom-engineered smart Lithium-Ion batteries, UPG has established itself as a leader in the energy storage industry, providing dependable quality and performance for even the most challenging needs.

Why do you need a universal external battery pack?

Universal external battery packs are among the most practical and essential accessories for both business and entertainment purposes. They provide extra power when your battery is nearly drained.

What is a durapower battery?

Durapower Group strives to make scalable, sustainable batteries that support the circular economy, empowering lives and transforming the future towards a carbon-neutral economy. Durapower does not manufacture, sell or distribute batteries intended for use in relation to household or consumer electronics.
