

Vanuatu Solar Photovoltaic System

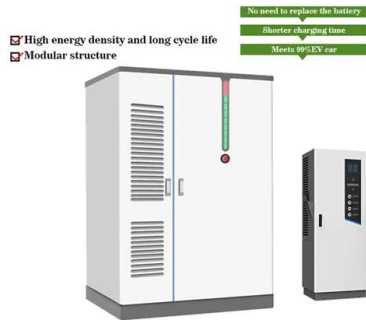

Overview

In Vanuatu, REnew Pacific has been pivotal in launching a \$75 million solar generation and battery storage project. Developed in collaboration with New Zealand-based Infratec and French-owned Unelco, this project will considerably augment the country's renewable energy capacity.

Vanuatu Solar Photovoltaic System

Renewable energy for clean environment and community benefits in Vanuatu

Communities can now store their food for later use or for sale. A reliable source of electricity will also be available for workshop repairs, storage of vaccine in health centers, and good lighting ...
