

West Asia Container House Wholesale

Overview

Where are container homes made?

These homes are made from shipping containers. Many Chinese companies are now making them. You can find them all over China, especially near the coast, where it's easy to get the materials. China is a global stronghold regarding container home manufacturers. However, not all of them are reliable.

Are container home manufacturers in China reliable?

China is a global stronghold regarding container home manufacturers. However, not all of them are reliable. There are only a few top container home manufacturers that promise top-quality delivery. There are many container home manufacturers in China, but not all of them can deliver the same level of quality and service.

Who makes the best container house in China?

You get design, production, and installation by choosing GS Housing. Guangdong C. BOX Co., Ltd is our list's largest container house manufacturer. The company boasts 17 years of experience, 350,000 m², and 200,000 annual output. They specialise in manufacturing and renting quality container homes in China.

What are the different types of container houses?

Our main products include Detachable Container House, Flat Pack Container House, Prefab K House, Folding Container House, Expandable Container House, etc. Flat packed container modular house is based on a standard container, which is transformed and combined to form a fully functional residential or office space.

What is container house?

Container house is widely used in emergency housing, offices, schools, other

application scenarios. Container house is a modular construction product based on steel frame and lightweight wall panel structure system. Packing containers are widely used in trade, logistics, construction sites, temporary offices and other fields.

Which container home manufacturer is best?

Konbuild is one of the best options for those with tight pockets. K-HOME is a notable container home manufacturer that started operations in 2007. The company is suited for large orders with a production space of 100,000 square meters. K-HOME specialises in designing, producing, and installing homely steel structures.
