

Zambia 40W solar energy

Overview

How has Zambia diversified its energy sources?

Zambia has also realized the need to diversify its energy sources through increased use of solar energy. It has implemented two utility-scale solar power plants (54 megawatts and 34 megawatts) in Lusaka south multi-facility economic zone under the World Bank Scaling Solar initiative , .

How many solar power plants are there in Zambia?

It has implemented two utility-scale solar power plants (54 megawatts and 34 megawatts) in Lusaka south multi-facility economic zone under the World Bank Scaling Solar initiative , . However, about half of the Zambian population lives in rural areas most of which do not have access to the utility grid.

Can solar power save money in Zambia?

With its year-round sunshine and geographical location, Zambia is well positioned to integrate solar power into its energy mix dominated by climate-vulnerable hydropower. “The Scaling Solar Project will make Zambia save significant amounts of money in the long run,” said Ina Ruthenberg, World Bank Country Manager for Zambia.

What is Zambia doing to improve energy security and sustainability?

The Zambian government has taken a major step toward energy security and sustainability with the signing of Power Purchase Agreements (PPAs) under the Micro-Generator Scheme and Presidential Solar Initiative.

Will Zambia achieve universal electricity access by 2030?

Speaking at the signing ceremony, Minister of Energy, Hon. Makozo Chikote, MP, emphasized that these initiatives will increase Zambia’s renewable energy capacity by 332MWp, contributing to the government’s goal of achieving universal electricity access by 2030.

Will Zambia's hydro-based power plants help curb power shortages?

Zambia's Minister of Energy, Mathew Nkhuwa, said the projects will not only curb power shortages and provide a source of energy that complements Zambia's hydro-based system, they "will allow the government of Zambia to reduce its electricity purchase from expensive diesel power plants."
