

Zimbabwe lithium energy storage power supply procurement company

Overview

Who is Zimbabwe lithium?

Zimbabwe Lithium is a development company with an experienced executive mining team, complemented by financial and capital markets experts. The company is focused on finding and acquiring battery metals projects amenable to low-cost processing. The flagship project is the Kamativi Tailings Lithium Project.

Could Zimbabwe become a leading lithium supplier in 2025?

As companies such as Tesla seek stable, long-term lithium suppliers, Zimbabwe could leverage its position to demand more from foreign companies operating within its borders. As the global lithium market recovers in 2025, Zimbabwe's potential to become a leading player in the sector is clear.

What is the Zulu lithium & Talum project?

Shareholders will be updated on the outcomes as discussions progress. The Zulu Lithium and Tantalum Project is one of Zimbabwe's most prominent mining ventures, with vast potential to contribute to the global supply of lithium—a critical mineral for electric vehicle batteries and renewable energy storage.

What if Zimbabwe's lithium resources are unlocked?

As the global economy shifts to net-zero solutions, the demand for lithium – among other minerals necessary for the production of many clean energy technologies – has begun to dramatically increase, and if the full potential of Zimbabwe's lithium resources is unlocked, the country will meet upwards of 20% of global demand.

Will Zimbabwe's lithium sector grow alongside global demand?

Despite these challenges, there is optimism that Zimbabwe's lithium sector

will grow alongside global demand. As EV production ramps up, particularly in China, Zimbabwe is poised to play a critical role in supplying the lithium required for batteries.

Is Zimbabwe a good place to invest in lithium?

Boasting Africa's largest confirmed lithium reserves, Zimbabwe's massive yet largely untapped mineral resources offer lucrative investment opportunities for investors and mining companies alike.
